Chairman's Message

As the world fights the deadly COVID-19 pandemic – the most challenging crisis we have faced since the Second World War – we are also seeing another epidemic - a dangerous epidemic of misinformation. But together, we can still change the course of this pandemic.

I am sure all of us have been practising social distancing and coming together for mutual morale boosting conversations. This is the best way to counter the pandemic.

Stay home; Stay safe!

Best wishes,

CA. Ashok Kumar Gadiya
Chairman

General Secretary's Message

All of us face a common threat – the coronavirus – COVID 19.

Each one of us and the entire world is affected by the coronavirus pandemic; our economy, our families, communities and our entire way of life are adversely affected by the scare of infection and contagion.

Today's declaration of a pandemic is a call to action – for everyone, everywhere. COVID-19 is not only challenging global health system but testing our common humanity. Expansion of social safety nets is essential to get through this pandemic together, to recover fast, and to build a better future.

Best wishes

CA. Ashok Kumar Singhal
General Secretary

Director's Message

Empty shelves, empty buildings and empty streets. A pandemic cripples countries around the world but resets our values. The COVID-19 virus outbreak has sent the world into a state of worry and uncertainty. On one hand where the country is facing this unprecedented crisis, Mewar Institute has used this challenge as an opportunity. In alignment with the University all teaching, learning and assessments are being conducted remotely through online lectures. The institute has organised a series of virtual events during this lockdown period for all its students as well as staff members.

During this period of difficulty the institute continues to provide quality learning for its students by conducting online value added classes, PDP lectures, unit tests, allotting presentations and assignments, organizing online guest lectures, webinars, workshops, expert guidance sessions, jayanti celebration and even online placement drive. Mewar is also prepared for the future unknown and has already prepared a strategy for university exams by conducting online pre-university exams.

It is a proud moment to see all students, parents and staff members working closely together to ensure maximum productivity at this time of uncertainty. Let us continue to pray for our community and the world as we journey from day to day.

Best Wishes

Dr. Alka Agarwal
Director
