Mewar E-Newsletter

At Mewar Institute, we have been pursuant of our goals to upgrade our students with the correct blend of academia and practical knowledge. The world today is in turmoil due to ever increasing decline in scruples and cut throat competition to succeed. There is more to success than a well paying job. It is defined by challenges that push your mind. the goals. that take you higher and the nurturing relationships that give meaning and purpose to your life. We at Mewar ensure that each student fits itself well in the changing mould of time now and always.

Best wishes,

Ashok Kumar Gadiya

Chairman's Message

General Secretary's Message

Our institute aims to promote education and culture in order to achieve and fulfil the mission statement that we believe in while maintaining an utmost academic standard, coupled with the conduct of discipline.

Mewar endeavours to comfort the students with all the necessary knowledge and skills to become truly successful in chosen fields. Our focus is to achieve unparalleled excellence that will bring development to the society by optimizing their potential. It is our students who make a difference and it is quality that gives an edge.

Best wishes,

Ashok K. Singhal
CA. Ashok Kumar Singhal
General Secretary

"Education is not the learning of facts but the training of the mind to think" said Albert Einstein. At Mewar, students are expected to have an enriching and life turning experience which will enable them to reach new heights in their professional life.

The results and achievements of our students have always made us proud but we still have a long way to go. We will not pause till the development of the last student is ensured and when that happens, we will have the reason to rejoice and reflect with silent pride that we succeeded in chasing our dream with which we started our journey...

Best wishes,

Alka

Establishment Day

As very aptly observed by Bharat Ratna Dr. A.P.S. Abdul Kalam former President of India that dreams are not those which we see in our sleep, dreams are those which do not allow us to sleep. This seems to have proved prophetic for Dr. Ashok Kr. Gadiya, Hon'ble Chairman of our institute and his equally able and dedicated partner. Dr. Ashok Kr. Singhal, Hon'ble Gen. Secretary of our Mewar Institute. As we are aware the visionaries see a dream and people join them in their march to translate the dream into reality. There are quite a few names in this category & the most bright one is our director of the institute, Dr. Alka Agarwal who displayed her exemplary zeal, enthusiasm & dedication to take the lead with her team of devoted people to fulfill the dream of our Chairman.

In the above backdrop Mewar Institute had a modest beginning close to a quarter century ago at Raj Nagar, Ghaziabad. The beginning was really modest, so much so that the institute started functioning in a modest accommodation with a handful of students and after a little above two decades, we stand where we are today.

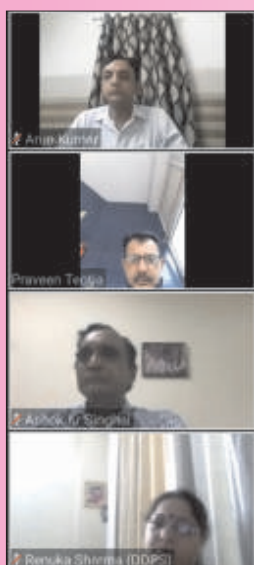

6th Sept. of every year is a proud occasion for us when we celebrate the establishment day of our great institute with dedication and sincerity of purpose wherein we always remember the commitment made by our visionary Chairman and General Secretary and at the same time we make an honest evaluation of our journey so far. As in the past the establishment day was celebrated this year also.

Speaking on the occasion the chairman of the institute Dr. Ashok Kr. Gadiya said that our existence and accompanying efforts to spread education for all should touch everyone. God has been very kind to bless us with certain good qualities and we have to do serious introspection in this regard and it is to be translated into action which will lead to enviable results in the future. We have to especially concentrate on the under privileged

section of the society who are in need of it and they have to be connected to the mainstream. It is a matter of great regret that hardly anybody thinks about this marginalized group. It is a matter of great satisfaction for us that almost 75% of our students come from these neglected sections of the society. Dr. Ashok Kr. Singhal, the General Secretary of the institute said in his address that a doctor saves the life of a person whereas a teacher builds the life of a student. In support of his statement Dr. Singhal invoked the observation of great philosopher Aristotle who said "teachers, who educate children, deserve more honour than parents, who merely gave them birth; for the latter provided mere life, while the former ensure a good life." Dr. Alka Agarwal, the director presented the progress report of the institute. The students presented a colourful cultural programme on the occasion which was appreciated by everyone. The entire Mewar family was present online to witness the event.
